MARQUEE GUIDE

Congratulations, you're getting married!

Thank you for giving us the opportunity to quote for your marquee wedding

Here at Blue Sky we like to think we are with you every step of the way while planning your wedding. We pride ourselves on being able to create the perfect space and venue that suits both your event and your budget. We guarantee that we will work with you every step of the way to make sure that the event runs smoothly and efficiently and that you get the day you have been planning for

We offer an array of marquee options to suit any event, incorporating views, features and even aspects of your garden! We have attached below a series of price guides as we understand planning a wedding can be a bit daunting, following this we can set up a site meeting to see your proposed marquee location and provide you with a final cost.

We look forward to working with you, should you have any questions about the quotation or require further information, please don't hesitate to call.

The Blue Sky Team

Blue Sky's team excelled in coordinating the marquee and event equipment for our wedding, they were happy to liaise with all our suppliers, and we felt extremely comfortable taking their lead during the planning stages. We would, and have, highly recommend their team and services.

Rachel Cook, Bride

Your perfect wedding venue.....

We know planning a wedding can be a bit daunting, and it's often difficult with where to start. We are here to help throughout the whole planning process offering support and advice.

As marquees aren't something that you often need we wanted to answer a few common questions.

Will the marquee have hard flooring?

Our marquees come with sub flooring, this means we build the structure up on chocks to create a completely level base. This allows us to build on areas that slope or are uneven. For any areas with a large slope, or very uneven ground, we are also able to do scaffold base flooring which allows us to work and considerable heights.

What will my marquee include?

Our marquees come standard with level wooden floor, champagne carpet, pleated linings and your choice of windows, walls and Doors.

We offer a wide selection of furnishings and finishing touches to complete your wedding, see our brochure for the full list of equipment we provide.

What happens after I receive my quote?

We would organise a site visit with you at your desired marquee location, we can measure the site, check access and find any on site information that we may need to consider.

We also use this time to get to know you a little better and find out any ideas and themes that you may have for your wedding which we need to include in our quote.
